Plymouth townnship, which by the recent census, will automatically become a township of the first class will not have the required township government by commissioners until next Jan. 1, 1922. At the fall election of this year the necessary five commissioners, the township treasurer, etc., will be elected, all of whom will assume office with the advent of the new year, and the treasurer will close up his books, as usual, with the first Monday in December of this year. A supplemental account will carry the affairs along until Jan. 1, when the new officials will assume charge. There need be no abrupt change in township government, and the necessity apparently does not now exist for extensive lighting system of illuminated highways at that time, nor a police force, nor fire plugs, etc. In other words with Plymouth's affairs so well taken care of as at present, its roads systematically and economically improved and the returns from the present low tax rate so judiciously expended there seems to be ample ground for continuing the same policy under the new government to prevail after next Jan. 1st. Of course, there will be some added expenses incident to the new government, but there is a whole lot of expense that can best be postponed until the taxpayers desire to shoulder the bill.

Mrs. Joseph Markle, Sr., of Conshohocken pike, Harmonville, spent the week-end in Manayunk visiting her daughter, Mrs. Sylvester.

LOCAL POST MEMBER DIES.

Walter E. Gardner, Struck by Shrapnel in Argonne.

Entered the Service from Gwynedd Valley—Trained at Camp Meade and Went Overseas July 8, 1918—Death Result of Wound.

After two operations for the removal of shrapnel which crashed through his steel helmet, September 28, 1918 when near Montfaucon he was helping to smash the great German defensive system of the Argonne, Walter Eugene Gardner, formerly of Utica, N. Y., died at 2:10 o'clock p. m., Dec. 27, in the hospital of the University of Pennsylvania in Philadelphia.

A letter had been received a few days ago by his parents, Mr. and Mrs. Alfred J. Gardner of 711 Mulberry street, Utica, speaking bravely of the advisability of a second operation on his skull and of his not minding it in any way. Word came of the fatal results which ensued after infection set in.

While a member of the Three Hundred and Twefth Machine Gun Battalion, of the Seventy-ninth Division, the young man received his wound in one of the hottest drives of the whole Argonne campaigne. A piece of hurtling shrapnel, a fraction of an inch in diameter, penetrated the steel head covering and imbedded itself deeply into his skull. When he recovered consciousness he found that he had been operated on and the piece of steel had been removed. But paralysis of his head and part of his left side and aphasia supervened. For two months he was unable to talk, learning only to articulate gradually.

For 18 months he was an inmate of hospitals in France at Fox Hills, Staten Island, and at Cape May, being discharged February 28, 1920. But while the grafted bone that replaced the shattered piece of skull grew healthily, his wound troubled him and he submitted to an operation, recovering rapidly.

Last fall he entered a government rehabilitation school of Newark, Del., where he was studying agriculture, when a tiny bit of steel, which had never been removed from the wound, caused it to trouble him afresh. The second operation was advised and undergone cheerfully. Its success was only defeated by the developing of infection.

Walter Eugene Gardner was born in Utica August 23, 1892, a son of Alfred J. and Ella E. Gardner. He was educated in the Mandville street and the old Advanced schools. After working for several years in the office of Egbert Bagg, he took a course of agriculture at Cornell University in the winter of 1910 and 1911, specializing in poultry.

In North Dakota, he spent 16 months on a large poultry farm. He then came east and followed the same vocation at Gwynedd Valley Pa., until called to service November 2, 1917. He trained at Camp Meade, Md., and went overseas July 8, 1918.

A particularly sad feature is that he leaves a young wife. He was married to Miss Fannie L. Connor at Philadelphia March 9, 1920.

Besides his wife he is survived by his parents, three brothers, Raymond and Wesley R. Gardner f Utica, and Elmer L. of Gwynedd Valley, Pa., and one sister, Miss Myrtle Gardner of Utica.

The dead sehvice man was a member of the Masonic and Odd Fellows' fraternities and also of the Norton Downs, Jr., Post No. 125, American Legion, Ambler. He was well known in his native city, and highly liked for his manly qualities. The sympathy of many friends will be extended to his family, who had been encouraged by the possibility of his complete recovery as a result of the operation.

A number of our local target shooters attended the shoot at Centre Point New Year's day. There were many expert trap shooters there, hence the reason for sportsmen returning without any of the prizes.

A. J. Fell, one of the leading poultry men of eastern Pennsylvania, was one of the judges of the Boston Poultry show last week. It would appear by this that are some people who are keeping alive the breeding of fancy poultry. A few years ago there were many poultry associations in this section and the shows held by them were instructive and enjoyable features of the year as well tending to keep alive an interest in breeding good, healthful chickens, and it might be added that these assaciations can claim the credit for having caused the farmers to do away with raising mixed breeds and going into the raising of thoroughbred stock.

Isaac Leister has been painting the framework of the two large bulk windows in Harry M. Naise's store.

At Knipe's stock yard, Hatfield, on Monday D. S. Zern & Son local drovers held a successful sale of fresh and springer cows.

Frank Cribb and Miss Ida Becker, of Philadelphia, spent Sunday in Horsham as guests of Mr. and Mrs. Edwin Cribb.

The Horsham Fire company held a most interesting session on Monday evening, when 43 members attended. It was one of the very largest meetings of the company ever held and proves that the organization is on a solid physical and financial basis. One new member was proposed. The membership list now numbers 97, and the 100 goal is within reach. The question of constructing a kitchen was discussed and it was decided to secure tentative prices on the cost of the work. Bills amounting to $117 were ordered paid. The receipts of the evening were $78.72, and a balance remains in the treasurer's hands of $444.44. The following officers were elected for the year: President, Wm. J. Tyson; vice president, Theodore Dubree; secretary, Raymond Tyson; financial scretary, H. H. Seiple treasurer, J. W. Freas; chief, Jerry Kelly; assistant, Chester Duckworth; foreman, Theodore Dubree; chief engineer, William Seibert; trustee, Howard Comly; delegates to the Montgomery County Firemen's association, Jerry Kelly, Edwin Cribb, Harry Seiple and William Satterthwaite.

Conshohocken Equity Action Continued

The equity proceedings brought by the Keystone Surgical Supply Co. of Conshohocken, against Seeds and Durham, contractors for the building of the bridge across the Schuylkill at Conshohocken, hearing upon which was fixed for Dec. 27, was continued by Judges Swartz and Miller upon application of Attorney Bean for complaints, until January 11.

The action was brought to restrain the defendants from damming the flow of rain water and diverting it from its former course, so that it flowed into the cellers of the complainant company.

It was represented by Mr. Bean that, prior to the filling of the bill the complainants could get no action, but that since then they had got some—which was what they were after—in the form of a promise that the water will be diverted by the contractors and the Philadelphia and Reading Railway company, and that it will take about two weeks to get this plan under way. This would have been done before, he stated, if there had not been a controversy as to who is responsible for the expense of taking care of the water the contractors, the county commissioners or the railroad company. This question has now been subordinated until after the water has been taken care of, and the matter of the cost will be fought out afterwards.

Messrs. Seeds and Rerham had no counsel but appeared P. P. and stated that the care of the water flow, in their judgment, does not come under the terms of their contract. The engineer who had drawn the plans of the bridge and the County Commissioners, who had approved of them, had made no provisions in the specifications for the care of drainage. It therefore does not come from their province they contend, to take care of this matter.

The contractors were informed by the Court that that is another question, and one that can no be disposed of by the court in this proceeding.

Fell 30 Feet and Walked to Drug Store

Noah Miller, aged 38 years, of Hancock avenue, Norristown, employed as a lineman for the Bell Telephone company fell from a pole at James and Markley streets, the fall being witnessed by several persons in Farrell's drug store across the street.

The injured man was taken immediately to Montgomery hospital, where, after an examination it was found that his head and face were painfully laderated and bruised, one wrist fractured and that he suffered numerous bodily contusions.

Trouble on one of the telephone wires was located at the place where the accident occurred and Miller was sent out to make necessary adjustments. He climed the pole, reached the first cross beam and took hold of a pin on the cross arm, when the pin suddenly gave way and the unfortunate lineman lost his balance and plunged.

Witnesses state that in falling his body took the position of a swimmer, and during the 30 feet of the drop remained horizontal, striking the pavement in that position with great force The upper part of his body and face appeared to strike about the same time and while served people rushed to his assistance, they were surprised to see him slowly rise and walk toward Farrel's store, his face covered with blood.

Name State Hospital Trustee.

Montgomery county commissioners have appointed Dr. J. Quincy Thomas, of Conshohocken as a member of the board of trustees of the Norristown State Hospital for the Insane for the southeast district, for the full term, of six years. Dr. Thomas, who is one of three representing Montgomery county on the board has been filling out the unexpired term of the late George Sullivan.

Mother Has Boy Held for Larceny.

Charged with the larceny of $20 from his mother, 16-year-old Joseph Armhold, of Conshohocken, was committed to jail in default of $700 bail to answer at court. His mother gave him $20 to buy some things at a store. The boy took the money and went to Bethlehem. He will also have to answer the charge of driving a horse almost to death several months ago. A warrant was issued for him at that time.

Boys Admit Throwing R. R. Switch.

Irwin Butler and John Welcer, boys of Conshohocken were arranged before Magistrate Light charged with throwing a switch on the Reading railway. The train passing through that borough shortly before 11 o'clock was stopped by a signal being against it. After a long wait a trainman went ahead and found the switch open. It is said that the boys stated they threw the switch so they could see a train wreck. The boys were given into the custody of their parents to answer at the summons of the juvenile court.

Horse Runs Away.

As Mrs. Reuben Martin and daughters were driving down Suicide Hill, Chalfont, the harness broke causing the wagon to run onto the horse which ran and striking thec urb at R. M. Johnson's threw the occupants out cutting and bruising them.

Oaks vs. Upper Providence.

Town and country were arrayed before Judges Swartz and Miller in the legal arena when they clashed over the proposition as to whether the growing little village of Oaks shall have modern educational facilities at its own expense or continue to help pay for moss back schools for all of Upper Providence.

Progressive city men who have moved into the country appeared against so many conservative and horney- handed tillers of the soil who have been on that soil, father and son, for generations, and for whom the way of their ancestors is good enough.

The specific proposition involved was the question of creating Oaks into an independent school district thus taking its children and schools from the jurisdiction of the Upper Providence School Board, and, worse than that, from the view point of the remonstrants taking its taxes from the coffers of the district.

Loses Mother and Wife in a Few Days

George McKay Jr., of 15 Front street West Conshohocken, within the past few days has been doubly afflicted, Monday, Dec. 27, his wife died at Montgomery hospital, and at an early hour Dec. 29 his mother also passed away at the same institution. The wife, Julia, was 19 years of age, and the mother, Agnes, 40.

The loss of the wife was accompanied by circumstances similar to those attendant upon the death of the mother.

Julia McKay had, several days previously, given birth to a daughter, who is still living. Peritonitis set in, however, resulting fatally.

Mrs. Agnes McKay, of Abrams, mother of the husband of Julia, was taken to the hospital in a precarious condition, and shortly after midnight a child was still born. Soon after 2 o'clock his morning the woman died, practically in child birth.

Mrs. Agnes McKay was the wife of George McKay, Sr., of Abrams, and the daughter of the late Hugh Adams. She was the mother of 10 chidren, and her sudden demise, was a shock to the relatives and a wide circle of friends.

The funeral of Julia McKay took place, Friday morning, at 8:30 from her parents' residence in West Conshohocken. Solemn high mass of requiem was celebrated at St. Gertrude's Church at 9:30. Interment at St. Matthew's new cemetery.

Workmen Dig up Old Cannon Balls.

Workmen, while digging in the rear of the old Farmer's Hotel property, Main and Barbadoes street, Norristown, in connection with the installing of a heating plant for the Norristown Motors company came across three cannon balls, each weighing several pounds. The find was made at a point where at the ground had not been disturbed in the memory of anybody familiar with the premises, and the iron missiles were at a depth of about six feet.

It is the general opinion that the cannan balls belonged to soldiers of the Revolutionary war, since detachments of the American forces which took part in that struggle marched over that vicinity and camped thereabout.

The relics as they are regarded are objects of much curiosity. They have been placed in thew indows of the Norristown Motors' Company.

—George Jacoby has resigned as letter carrier of Perkasie route No. 2 and Weldon Kindig will serve temporarily.

—With only twenty-five members the Christian Missionary Alliance of Springtown subscribed $1,025.00 for home and foreign missions for the ensuing year.

—Horace C. Jones, of Fayette street, Conshohocken president of the H. C. Jones company was elected a director of the Union League, Philadelphia, at the recent annual election. Mr. Jones has served on the board for several years.

Found $750 and Returned It.

B. W. Dambly, of Skippack is $750 to the good, owing to the honesty of Howard Frantz, of 35 Jacoby street, Norristown who, after finding that amount in Liberty bonds, acquainted Dambly of the fact and made arrangements to turn the packet over to him.

While Frantz is a well known plumber, was walking along the street, he stooped and picked up a legal looking envelpe, and, after examining the contents was surprised to find the bonds, consisting of one of $500 and several of small denominations.

After closer examinations, noting the name on the envelope, he got into communication with Mr. Dambly. It was then learned that the bonds really belonged to a client of Dambly, who sent them to him to deposit in bank. They were lost by a young lady who brought them to town and Dambly did not know they were lost until informed of the Frantz experience.

Gas Inventory Ordered by State.

An order has been issued by the public service commission in cases growing out of complaints against the Philadelphia Suburban Gas and Electric Co., in regard to the increased rates for gas and electric and steam heating service. The commission directs that an inventory and appraisal be made of the various properties of the company.

The boroughs of Phoenixville, Royersford and Spring City and others filed the complaints and the commission now has before it complaints against the increased rates for gas service in the company's Phoenixville, Jenkintown, Coatesville and Delaware county districts, and against the electric rates in Jenkintown and the Pottstown-Phoenxville-West Chester district. Rates for the steam-heating service in West Chester are also before the commission.

In view of the many parties involved, the commissione rules that the work of inventory and appraisement and any studies or check that the complainants desire are to proceed simultaneusly. The complainants should determine at an early date, the commission suggests, to what extent they desire to check and investigate the work.

The inventory shall be made as of March 21, and the appraisal shall show the original cost, the historical cost a reproduction estimate on the basis of fair average prices for material, property and labor prevailing during the ten-year period ending December 31, 1920, and also, a similar reproduction estimate, for the year ending March 31, 1921.

Now is the time to license your dog for the year 1921, which may be done by applying to the nearest justice of the peace, who under the law has the right to charge a small fee, or apply direct to the county treasurer at Norristown. The licence fee for a male dog is $1. while that of a female is $2.50, the same as last year. All dogs must be licensed on or before January 15th of each year. Failure to comply may result in a fine of not more than $100 and an imprisonment of not more than three months in the county jail.

It will be well for all drivers and owners of vehicles to heed the warning that is being sent out regarding the carrying of lights. No matter what kind of a vehicle you may drive whether it be a wagon, or motor car, you must display white lights in front and red lights in rear, which must be lighted one hour after sunset until one hour before sun rise. The law includes bicycles while on the public highway. The local state police have received notices to prosecute all violators after the first of January. The fine is $10 for each violation.

Since Corporal Charles A. Hanes, of the state police has been placed in charge of the Ambler detail there has been much active work done. The Ambler substation consists of three men and two horses and is located at 106 Butler avenue. During the month of December the detail has made 15 regular patrols, while 77 special patrols were made. The miles covered mounted were 228: dismounted, 194: rail, 1606, and by automobile, 794, making a total for the month of 2257 In addition there were 19 arrests made. It is a known fact that during the time of the hold-ups in the Fort Washington section the members of the detail took very little rest both day and night in their efforts to run down the guilty parties. The residents of the borough and the outlaying districts are loud in their praise of the work that has been done and is being done by Corporal Hanes and his men.

The Monday conference will resume its sessions this winter on the second and fourth Monday afternoons of the month in the assembly room of the Emergency Aid, 221 South Eighteenth street, Philadelphia. This is the seventh annual session and it enters the year when the state legislature is in session, and for the first time women have direct influence in their possession of the ballot. This is of practical importance to the discussions of the conference, which it has been impossible for them to possess heretofore. The women's organizations all over the country are backing a program of legislation in congress for social and educational reform, which it is the duty of every woman to understand and follow. The governor of Pennsylvania has announced himself in favor of legislation for the revision of the state constitution, the enforcement of prohibition, forestry protection and educational betterment. These programs need the careful study of all votes, and the Monday conference is organized to give its members the best obtainable information on these and kindred subjects. The object is, whenever possible, to have both sides of a matter presented free from political bias. The board of directors comprises Mrs. Frank Miles Day, chairman; Mrs. Wm. E. Lingelbach, vice chairman; Mrs. George Merrill, recording secretary; Mrs. J. Gerome Ferris, corresponding secretary; Mrs. E. Lederer, treasurer; Miss Mary A. Burnham, Mrs. William Gehman, Mrs. Edward McCollni, Miss Margaret Maule Mrs. Walter Cope, Mrs. George H. Earle, Jr., Mrs. Louis C. Madeira, Miss Jane Allen Mrs. Herman H. Sahnestock, Miss Elizabeth Lowry, Mrs. R. What About It?

Does anyone suppose the interest in the Ambler Memorial hospital has entirely died out It has not, and to keep it before the public the treasurer has given us the account of the Fund as it stands at the beginning of the New Year. The amount in the First National Bank of Ambler is $4620 61
In the Ambler Trust Co. 484.13
A total of $5,104.74

Of this $86.04 has been the interest added in 1920 on our deposits, So, should any entertain a doubt or have lost interest for the time being—let us be cheered by the assurance that the Bank and Trust Co. of the town are still "keeping up the Interest" and the Fund is gradually growing.

The state police on Tuesday took an active part in rounding up owners and operators of motor vehicles who had failed to apply for licenses. Those who had applied and failed to receive licenses were instructed to take their cars off the road and operators to stop driving cars until the necessary license tags had been received from Harrisburg. The following were arrested and obliged to pay a fine of $10 and costs before Justice of the Peace Urban, Private John W. Bohen being the prosecutor: Roy Kohler, Marcus Hook; driving without licenses; Rex Randall, of Ambler, owner of the car but operating same A. Dull issued in 1920; T. Albert Conard, of Maple Glen, operating without licenses. Acting under instructions from their department the work of prosecuting violators of the motor vehicle law will be continued by the local state police. Frank Novack, Maple street, West Ambler, was arrestedby Corporal Hanes last Saturday night in the vicinnity of Puff's corner Corporal Hanes received a report that a man was attempting to hold up cars on the Butler pike at the above place. A investigation was made and Novack was found staggering along the road and at the same time trying to halt cars. He was placed under arrest and later at a hearing before Justice of the Peace Urban, Novack in his own defense stated that he had been in Philadelphia, whre he securd a supply of whisky. He boarded a trolley and when he awoke found himself in Willow Grove. He attempted to walk to Ambler and everything was alright until he reached the Rose Hill cemetery whn things became hazy hence his reason for trying to stop automobiles, as he alleged only to secure information. Corporal Hanes commended those persons for their promptness in letting him know of the man's action. While this was just a case of drunkenness, nevertheless by porting at once the police had a chance to act immediately. Novack was discharged with the payment of a small cost.

Divorces Granted

Two divorces were recently granted by the court as follows:

George G. Kepler, Pottstown from Jennie I. Levengood Kepler. Desertion.

Bessie Wilson, Lansdale, from John C. Wilson. Desertion.

Action for $20,000 Damages.

Action has ben brought in the office of the prothonotary as follows:

By Attorney Thomas Hallman, in behalf of C. J. Katsh against the Counties Gas and Electric Company to recover $20,000 damages as the result of an unusual accident due to the alleged negligence of a servant of the defendant company.

It is claimed on the part of Katsh, that on April 23 last the gas company had its workmen engaged in removing a sign on DeKalb street. In the removal there was extended across the west side of DeKalb street a rope about one-half foot above the pavement. The company had employed a watchman to warn pedestrains of the presence of the rope. At about 11 o'clock in the morning of that day, Katsh was running to catch a train on the Reading Railroad, and by reason of the fact "that the watchman was negligently absent from his post of duty," ran into the rope. He tripped and fell heavily to the pavement and lost several teeth by the force of the impact. He also suffered cuts and bruises to his face and body, which confined him for thirteen weeks.

In two weeks Lansdale manufacturing concerns and businessmen subscribed $40,000 of $50,000 required for installation of additional equipment at the municipal electric light plant.

They are aged 97 and 91 years respectively.

—The stone quarry, crusher and farm of the late Samuel R. Mensch, near Pottstown was sold to Joseph Cunningham for $21,000.

Bucks County's Oldest Man Dies at 100 Years.

William Kinsey, probably Bucks county's oldest man died at his home in New Hope on Dec. 24., thus missing his 101st Christmas dinner, which he expected to eat on Saturday. His funeral was held the following Tuesday, at his late home, with the Rev. C. E. Radcliff, pastor of the M. E. Church, in charge. Interment in Riverview Cemetery, at Lambertville.

Mr. Kinsey was born in Upper Makefield township on July 27, 1820, and was probably the oldest living man in the county. He retained his faculties practically until the last, and was interesting to converse with, remembering old-time affairs with startling distinctness.

When the civil war broke out Mr. Kinsley was 41 years old, which was accounted ancient in those days, there being but a scattering few of that age serving in the army. He served both the 104th Pennsylvania Volunteers, and in Company G. 40th New Jersey Volunteers. His interest in the success of the American army in the recent world war was pronounced, he following the affair day by day in the newspapers, and gathering from his readings a better understanding than most people had.

For more than eighty years he never failed to go gunning on the opening day of the season, beginning when he was 13 years of age, and discontinuing when he was 96.

He always possessed good health, and up to the past year or so took care of the dooryard of his home, and also tended garden, having more success than many men half his age.

410 Miles of Roadway Built in Year 1920.

The state highway department of Pennsylvania during the 1920 construction season has built approximately 410 miles of concrete roadway 18 feet in width.

This is a world's record for one season for this type of highway.

In 1919 the Pennsylvania Highway Department completed 1253 miles of con-rete roadway.

The maintenance forces of the state highway department during 1920 have entirely resurfaced 377 miles of macdaam highway and surface treated 1480 miles of the same type of thoroughfare. In all the forces of this department maintained 9503 miles of roadway. Of this mileage 463 miles were in boroughs and on state-a. roads.

Illinois makes the closest approach to the state highway department of Pennsylvania in the 1920 construction of highways of a durable type, having put down approximately 339 miles of concrete during the present season.

The Pennsylvania highway department now has under construction approximately 350 miles of concrete, the completion of which will be impossible this year because of the lateness of the season. The department plans the awarding of contracts for an additional 350 miles of concrete roadway early in 1921 and hopes to be able to complete not less than 600 miles of durable highway in that year.

During 1920 the Pennsylvania highway department was somewhat handicaped through lack of materials and because of the great difficulty in transporting materials from mills and quarries to the scope of construction.

York Road Towns to Fight Gas Raise.

Pending a public hearing by the Public Service Commission in the matter of proposed raise in the rates for gas service in the suburbs, protesting citizens have formed a committee to solicit funds to fight the increase.

A subscription of $1 each consumer is asked by the committee, and residents of Glenside, Ambler, North Wales, Ogontz, Elkins Park, Jenkintown, Noble, Wyncote and virtually all the Old York road towns are asked to contribute to the fund.

Effective November 20 last, the Philadelphia Suburban Gas and Electric Co. supplying the district, find a new schedule of rates, bringing the cost of gas to $2.25 a thousand and eliminating discount for prompt paying privileges.

Consumers declared the petition for new rates unjustified in the face of a falling marketa, both as relates to coal and oil costs and labor charges.

The opposition movement was started in Glennside by ninety-five citizens, organized and filed a formal protest with the Publicv Service Commission. That has been followed by the formal complain of the citizens of North Wales and another by the Bucks County Public Service committee.

Glenside citizens have carried the fight to this point where they have guaranteed a fund to pay an engineer to check up on the property appraisal to be presented to the Public Service Commision by the gas company, eliminating the necssity of any other northern suburban organization from doing likewise.

West Point Woman Leaves Entire Estate to Relatives.

By the will of Lizzie Shepherd, late of West Point, provision is made that her brother shall not be without a homem as long as he lives.

Miss Shepherd, on August 11, 1919, made a brief will, in which she set forth that her sister Hester, is to be sole legatee of her estate. Later she went on to explain that in case this sister died before her then her sister, Mrs. Eulalia S. Nolan, is to receive $1400, but if she died without a husband or child, then this provision is void.

The home of the testatrix at West Point is to be a home for her brother, Linford S. Shepherd, and son, Henry, until Henry reaches the age of twenty-one years, when it shall be his, providing he permits his father to remain there until death, if he so desires.

Her nephew, Linford J. Shepherd, is to be given a house on Second street, West Point, and another lot.

Her niece, Hester S. Clever, is to receive $300; her nephews, William Cleaver, Jr., and Holstein DeHaven Cleaver, each $100.

To her neice, Elizabeth SHepherd, is given her other house on Second street, West Point, provided she makes it a home for her father, Linford Shepherd, should he desire to live with her.

Katherine M. Shepherd and Emily Cleaver are to each receive $50.

The will sets forth that the personal property is not to be sold but divided as her sister, Mrs. Nolann, and her neice, Hester S. Cleaver, see fit.

Attorney G. Herbert Jenkins is named as executor.

—Fifty years of married life were celebrated by Mr. and Mrs. Abram Stever, of Doylestown, by entertaining friends and relatives.

—Mrs. Frank Bodine has purchased the residence on Church street, Doylestown, belonging to Presbyterian Home for Windows and Single Women for $2700.

—Elmer E. Funk, of Doylestown, has been elected secretary and treasurer of the new Saucon Valley Trust Co., of Hellertown.

—Having suffered a broken back and lain helpless for 100 days, Jacob Umstead, aged 49, of Schwenksville, a structural iron worker, died in a Philadelphia hospital.

—82 bills, amounting to $20,907.25, were passed by the Bucks County Commissioners to complete the business of the year 1920.

proves that there was a field for a good, live Trust Company in this locality. Its success teaches an impressive lesson, and that is, that all persons can better transact their business representatively through the medium of a Trust Company than by individuals.

We act as Trustee of Special Funds for married women, minors or incompetents, also for Corporations for the accumulation of their sinking funds, etc.

All trust funds are kept separate from the general funds.

FACTS ABOUT OUR COUNTRY.

Interesting Series of Folders Describing Activities of Uncle Sam.

Folders to Be issued by the First National Bank of Ambler—Mailed Directly to the Homes Without Charge—Convenient Back May Be Secured at the Banking House.

The first requirement of a good business man is that he shall know his business. He should know every detail of its organization and he should be acquainted with its good points as well as with its weaknesses.

A democratic government is. in many ways, comparable to a business organization. Every citizen who by his vote takes a part in managing it should give the same careful consideration to his duties as he does to his own business.

All of us who vote or some day expect to vote do in reality belong to the board of management of the United States. In other words we are American citizens. All of us should become familiar with the workings of our government.

The First National Bank of Ambler is performing a service to this community for which there seems to be a real need. Through a series of attractively prepared and interesting folders, it will furnish up to date and authentic information concerning the achievements and phases of the several departments of our government.

These folders will be mailed directly to the homes in this community without charge, and we believe that the recipients will find them both interesting and instructive. Their distribution will cover a period of several months. Each number will deal with a seperate department of the United States government. The pictures alone are so arranged that a fairly comprehensive idea of the workings of the different departments can be gained by simply looking at these.

The folders are printed on a very fine quality of paper, and the Bank will furnish a container for them which makes it convenient to save each one. In providing this folder the Bank has furnished those who receive the series with a convenient method for collecting the different numbers as an addition to their libraries. Every citizen of Ambler and vicinity is eligible to receive this series, and the Bank will gladly send the entire series to all those who apply either by mail or in person during the business hours.

Bad Cold and Cough Cured by Chamberlain's Cough Remedy.

Several years ago C. D. Glass, Gardiner, Me., contracted a severe cold and cough. He tried various medicines but instead of getting well he kept adding to it by getting fresh colds. Nothing he had taken for it was of any permanent benefit until a druggist advised him to try Chamberlain's Cough Remedy. He says "I was completely cured by this remedy and have since always turned to it when I had a cold and soon find relief." jan

Mothers' Aid Move.

A joint county meeting of the members of the boards of mothers assistance fund was held recently at the Civic Club quarters at 1300 Spruce street, Philadelphia. Members from Berks, Chester, Northampton, Delaware, Philadelphia and Montgomery were present, and the most important topic discussed was the increase in appropriation. This will be asked at the next meeting of the legislature.

Montgomery county, like all other counties, is receiving only about one third enough money to carry on the work. The members present at the meeting from Montgomery were Mrs. Theodore Culver, of Jenkintown; Miss Lillian Hillegass, of East Greenville; Miss Dora Zweiers, of Lansdale and Mrs. O. F. Lenhardt, of Norristown.

For a Persistent Cough.

Some years ago H. P. Burbage, a student at law in Greenville, S. C. had been troubled for a long while with a persistent cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Having seen Chamberlain's Cough Remedy advertised he concluded to try it. "I son felt a remarkable change and after using two bottles of the small size was permanently cured." jan

Apples During Entire Year.

Thanks to our efficient cold storage facilities, we in Pennsylvania need not eliminate apples from our diet a single day of the entire year. We start out apple season late in June and early in July when the Transparent, Fourth of July and similar varities come to market. In late July and August we have the Williams Early Red.

In late August and September we have the Maiden Blush, closely followed by the Gravenstein, Wealthy, Detroit Red and similar varities, these constituting the first important table varieties of the season.

During late September and October come the Grimes Golden, Jonathan, McIntosh Red, Winter Banana and Delicious for the table, while for cooking at this season are the Fall and Holland Pippin, York Pippin, Twenty Ounce, Rhode Island Greening and a world of others.

From Nov. 1st to February, the Jonathan is at its best. The Stayman Winesap is obtainable and excellent from November 1st to April 1st, while the Baldwin is good from November 1st to June 1st and sometimes to July 1st. The York Imperial is a fine cooking apple at its best from November 1st to March 1st.

During March, April and May the most seasonable varieties are the Baldwin, Northern Spy, Old Fashioned Winesap and Rome Beauty, and some of these varities are almost obtainable until July 1st, when we start all over again with our Transparent.

New Use for a Flivver.

Talk about the famous 57 varieties! Here's a new one that a Ford will do. The barn of Victor Wackerman, a truck farmer, near South Hatfield, was infested with rats. He was considerably worried as to how to get rid of them. They fought shy of traps. By placing a hose on the exhaust pipe of his Ford and the other end of the hose in rat holes the gas fumes from the holes in a dazed and helpless condition. They were then easily dispatched, and now Mr. Wackerman kills 25 or more rodents daily. He expects soon to be entirely rid of the pests.

Doylestown May Purchase Sewer Plant.

Citizens of Doylestown, through the Chamber of Commerce, decided at a meeting of that organization Tuesday evening to urge upon Town Council that the borough immediately acquire the sewer plant at the price submitted by the Doylestown Sewerage Company and proceed to make the improvements which will put in first class order.

To carry out this order will require $24,000. To authorize the raising of this sum there will probably have to be a special election, though an investigation will probably be made to learn whether it cannot be done through the issuance of improvement certificate.

Leg Broken in Game.

Howard D. White, of Prospect avenue, Jeffersonville, was a recent patient at Montgomery hospital, suffering from a broken leg, sustained at a football game in Lancaster, Pa. White was brought by train as far Villa Nova, where the ambulance met the train and took him to the hospital.

Urges Standard Sizes For Fruit Containers.

The bureau of markets of the United States department of agriculture, in its efforts to bring about standardization of shipping containers for fruits and vegetables, is recommending standard sizes for three of the most common types of packages. These are the hamper, the round stave basket, and the market basket.

These recommendations provide not only standard sizes but standard dimensions, and it is the intention of the department to fix standards which will be readily distinguishable from each other by the average buyer.

There are at present a great many containers of different sizes which are so nearly the same in appearance that they are a never-ending source of fraud.

By a slight modification in construction it is possible to make a 28-quart hamper which looks so nearly like a full bushel hamper as to deceive the purchaser, who is defrauded out of a half peck.

Would Boost Duties.

Congressman Henry W. Watson, of this district, in the House at Washington, has introduced a measure proposing the increasing of duties on manufactures of asbestos.

FORT WASHINGTON NEWS.

tems of Passing Interest Condensed in Short Paragraphs.

Local Business Conditions—Funeral of Henry Rittenhouse—Officers on Duty Here To Prevent Crime—Miscellaneous Items.

The funeral of the late Henry H. Rittenhouse was held Friday afternoon from his late residence at Whitemarsh, and a large gathering of friends and neighbors assembled to pay their final respects to one whom they had esteemed and honored. Interment was made in Union cemetery, Whitemarsh. The deceased, who was aged 60 years, was widely known in railroad and lodge circles, and held a host of friends who remember him as an active resident, a pleasing personality and one interested in the welfare of others.

Charles O. Oranges has recently renovated the heating system in his residence.

Miss Francis Stout, of Arbuckle-Gordon company office force, has returned to her duties after being ill for some time.

Local plumbers report business almost at a stand-still, and at this time there appears no indication when at will become brisk again.

So far as the local dealers, Arbuckle Gordon company, are concerned there is no change in the coal situation. However, the expectations are that a number of cars will be shipped to the local company during the present month. On the first day of the year every bin at the yard was empty with a large number of orders on the books waiting to be filled.

Thomas Moll, Leo spiekermann and Charles Copes are the officers now on duty in this section. Since the men have been policing the streets there have been no hold-ups. As a result the residents are breathing more freely and more people are seen abroad in the evenings.

Robert Yarnall, who was removed to St. Luke's hospital for treatment, is reported to be improving nicely at this writing.

Local boys, who have been doing considerable trapping since the season set in are receiving from 45 to 60 cents for muskrat pelts. This is quite a difference in the price of these skins over last year, when dealers were paying as much as $4 for a pelt.

Harry Fillman, formerly employed as operator at the Fort Washington station and who is still with the Reading Railway company, but located on the Bound Brook division, was visiting old friends in Fort Washington last week.

On account of taking account of stock no deliveries of feed or lumber were made by Arbuckle-Gordon company on Saturday.

The state police stationed at Ambler have been notified to arrest all drivers of vehicles who fail to have the proper lights displayed at night. This includes wagons of all kinds and bicycles, as well as motor vehicles.

Miss Josephine Taggart who has been ill, is slowly recovering.

J. B. Maunder's Cantata "Bethlehem," will be sung by the choir of St. Thomas' church, Whitemarsh next Sunday at 4 o'clock. A cordial invitation is extended to all.

The Whitemarsh township school board met Tuesday evening and passed orders amounting to $14,000. The new building at Barren Hill is reported two-thirds completed. Mrs Hattie Theel is substituting as secondary teacher at the Fort Washington school until the return of Miss Whitney, who is expected next week.

When you put your money in new shares of the Ambler Building and Loan Association it is safe, and you need not fear hold-ups and robberies See George Bodenstein about it. Nw series January 8, 1921.

Charles McLaughlin, of Elizabethtown, and Michael Desmond, of Harrisburg, Pa., attended the funeral of the late H. H. Rittenhouse.

COLD POINT AND PLYMOUTH.

(Continued from page 1).

The box social, held last Thursday evening by the Cold Point grange at the home of Mr. and Mrs. Joseph Dugan, Hickorytown, netted $15, which has been devoted to the Armenian cause.

The Christmas entertainment at the Hickorytown Union mission was a delightful success last Friday evening, when the building was crowded to the doors. Members of the Plymouth United Evangelical church attended in a body led by the pastor, Rev. D. G. Reinhold, and there were several other clergymen present. The room was beautifully decorated with the Christmas greens and a brilliantly illuminated tree. A splendid program was most creditably rendered. After the event a social time was enjoyed and later lunch was served, followed by watch night services until the new year dawned. The offering of $50 was devoted to the Armenian sufferers.

On last Thursday evening a large attendance of the Knights of the Golden Eagle, Cold Point, attended the annual election, which resulted in the choice of the following officers: Past chief, John Fetter; vice chief, Raymond Marple sir herald, Reeves Carr: high priest, Walter Rhoads; master of records, Charles Hendricks; clerk of exchequer, Jacob Hart; keeper of exchequer, Samuel Fisher, Jr., district, representative, Charles Hendricks; alternate representative, Ralph Killmer. It is reported that Adolph Muller, of Norristown, has purchased the Jones farms, Plymouth township lying along the Germantown turnipke.

The new fire prevention system at the Plymouth magnesia works has been hindered in its completion by the delay in laying the water mains through the yards and about the mill buildings. The contract for this work was let a year ago, and the erection of the steel 50,000-gallon reservoir water tank has been completed for the past two months, but the laying of the water mains has been delayed, and it is likely now this work will be further hindered by the freezing weather and the shows, etc., incident to the winter season.

Mr. and Mrs. P. C. Rex, of 311 Clifford avenue, Ardmore, formerly of Narcissa had as their guest on Thursday Mrs. Charles Smith, of West Collingswood, N. J., and also Rev.
